## PULSAR MODELS

# PULSAR FOR LADIES

### Specifications

- Displays hour, minute, second, month, date, has AM/PM indicators
- Accurate to within 60 seconds a year
- "Smart calendar" knows the difference between 30 and 31 day months and changes automatically. February is programmed for 29 days, so no adjustment is required in leap year. In other years, change date only on March 1st.
- Water-resistant to a depth of 100 feet
- Shock-resistant
- Mineralite glass time screen
- Magnetic switching
- Light sensor
- Flat timing trimmer on back of module

### Battery Requirements

- Two Ray-O-Vac RW 44 power cells, which must be installed only by the jeweler.

### Product Information

These are the first Pulsar ladies' models, introduced in the fall of 1974 and spring of 1975. All contain identical Time computer modules.

First models had magnetic settings; Auto/Set feature added in Fall 1975.

### Model Numbers

#### Ladies' Cushion

- No. 2407-1** Stainless Steel/Strap
- No. 2407-2** Stainless Steel/Bracelet
- No. 4407-1** 14kt. Gold-Filled Case/Strap
